

Procedure section of your Notebook

Required

- Reference so that other may check and repeat your procedure
- For Example...
 - <http://themalloryfamily.net>
 - Chemistry 51 Lab
 - Experiment #01

Optional

- Everything that is on the handout. (LOTS OF WORK)
 - The advantage of this is you will have access to the complete lab procedure during a test.

Reactions

Reaction Occurred

- Solution Bubbles
- Solution Turns Dark
- Solid Formed
- Mixture gets HOT
- Mixture gets COLD

No Reaction Occurred

- Adding dark solution to solid turns the color of the solution added
- Adding a liquid to a solid forms a wet paste
- Adding a liquid to a solid forms a liquid with a solid at the bottom
- Nothing happens ☹

Your Unknowns...

- XX Two component unknown, already mixed. You need to identify both compounds in this mixture.
- XXX Three component unknown, already mixed. You need to identify both compounds in this mixture.

WHEN YOUR EXPERIMENT WRITE UP IS DUE

One week after you have completed the experiment!
(For experiment #1 – September 15th)
